White man you need solutions.
Here's one.

If you want to spread fear on the street and build White power, this is your answer.

@TomKawczynski @BillyRoper @MichaelHill1951

@occdissent @Cantwell @Oliver_Revilo

@TexasVet @TonyHovater @sparkywhitey @jackcorbin @JaredHowe

The "Unite the Right Rally 2" only proved one thing, how intensely Whites are actually Hated in America. This is something many of us already grasp. Other than that, it didn't accomplish much if anything. You will never get ordinary Whites to a "White" civil rights rally because they fear that they will be tagged rightly or wrongly as a "Nazi." Only White Nationalists would go to a White rally. When you ban White Nationalists, then you get this, almost no one attending. The name of the rally was also a mistake.

The only White rallies that are acceptable today are Ethnic rallies, such as Irish, Scottish, Polish, etc.

Solution:

If you want a White rally, Mask up, Arm up, Attend in large numbers, and fuck the Police. Defend yourself vigorously, and Don't be a part of an organization that can be sued Collectively. Lawfare can't be applied to anonymous persons. Masked persons are difficult to dox. Large numbers intimidate. Lawfare is impossible against organizations that don't exist. Use secrecy and subterfuge. Hail Victory!

Msm can raise hell, lie, kick & stomp. It will not change the fact Pres. Trump is the best leader we have ever had. He is draining the swamp which is the "deep state".

One of the muslim Isle of Bute invaders said of the place that it was, "full of old people waiting to die". Well i guess they found a young resident to murder.

For Heaven's sake.

This was Scottish First Minister Nicola Sturgeon's idea to send this filth to the Scot's Islands. She is directly responsible.

Some refugees resettled in Scotland have been sent to remote, small communities, such as the Isle of Lewis and the Isle of Bute - a community of 6,000 suffering from high unemployment and poverty.

Expressing their gratitude for their new lives thousands of miles away from the Syrian conflict zone, refugees, who **cost** up to £23,000 each in their first year of relocation, **complained** of boredom, a lack of facilities, and said the Isle of Bute was "full of old people waiting to die".

Father of four Abd, 42, said he felt "humiliated" when he asked the council to move him and his family to Manchester or Glasgow and the official told him that that was not possible as Scottish taxpayers and the community had paid "a lot of money to bring you here".

"I feel like it's an obligatory residence. I feel humiliated. I didn't come here for anyone to control me," Abd added.

300k Jews die in work camps in WW2 due to typhus and starvation caused by an allied food blockade. This event is quickly inflated into the most memorialized tragedy in history. Bolshevism wipes out 30-50 million innocents, yet most have never even heard the word 'Holodomor'. Not a single Hollywood blockbuster, the dead lie forgotten... criminal injustice

"You must understand, the leading Bolsheviks who took over Russia were not Russians. They hated Russians. They hated Christians. Driven by ethnic hatred they tortured and slaughtered millions of Russians without a shred of human remorse.

It cannot be overstated. Bolshevism committed the greatest human slaughter of all time. The fact that most of the world is ignorant and uncaring about this enormous crime is proof that the global media is in the hands of the perpetrators."

All of what say have a common Jewish root. Pull that out of the ground and life will return to normal.

Void of an army, Jewish globalist elites simply destroy a country (or an entire continent) by flooding it with tens of millions of poor immigrants, telling them NOT to assimilate, and instilling in them

✡️ hatred for the White majority. ✡️

Further, Jewish elites encourage such immigrants to demand their "rights." Lastly, elites tell the immigrants they are "victims" and "oppressed" peoples (of course all their "oppression" is caused by so-called "evil" Whites).

That's the formula which Jewish globalist elites are using to tear down Europe, Australia, New Zealand, Canada, and the USA.

Ted Nugent, rock star and avid bow hunter from Michigan, was being interviewed by a liberal journalist who also happens to be an animal rights activist. The discussion came around to deer hunting. The journalist asked, "What do you think is the last thought in the head of a deer before you shoot him? Is it, 'Are you my friend?' or is it 'Are you the one who killed my brother?'" Nugent replied, "Deer aren't capable of that kind of thinking. All they care about is what am I going to eat next, who am I going to screw next, and can I run fast enough to get away. They are very much like the Democrats in Congress."

The interview ended.

Americans need to grieve & pray for those effected. But we ALSO need to keep level head & use LOGIC. This too similar [#LasVegasShooting](#) to be coincidence. It resembles several events which are clearly black ops by 'abc agencies', purpose to disarm us, to allow control and silence dissidents who speak out against corrupt government & [#globalist](#) players.

DANGEROUS IDEAS

Some ideas sound great on the surface, but under adverse circumstances, are very dangerous. These are proven by history - they have actually happened in dictatorial or communist regimes as a means to thwart dissidents. With a corrupt government, these become methods to enforce control of opposition. The **2nd Amendment** was *designed* to allow the people to defend themselves against a corrupt government. That is why it **prohibits ALL REGULATIONS** against gun ownership.

Prohibition for Mental Illness or Members of Terrorist Lists

- Who decides addition of names?
- How easy would it be for corrupt players to find someone to declare mental illness or to add someone to terrorist list who are potential whistleblowers or white hats?
- What limits are put on processes, due to 'national security' or 'ongoing investigation', which would prohibit innocent civilians from knowing the facts?
- Does any appeal process exist which is economical or attainable for the average citizen?
- What if the judicial players are also corrupt?

Only a few years ago, there was strong movement in the United States by the highest ranking law enforcement official, the Attorney General, to declare the Tea Party, a very large group of God-fearing, patriotic Americans, as "domestic terrorists". Why? Because they opposed the current president, and were successful in winning elections. Would they now be added to the terrorist watch list? If they were, and it was unfair, could anything be done to stop that process?

Legislators (in both parties), we know you are players with the cabal. Stop trying to destroy our Constitutional 2nd Amendment to further your careers. We know you are NOT foremost interested in protecting us from slaughter. If you were, you would stop enabling the entry into our country of Islamic radicals, gang members, weapons & drugs and BUILD THE WALL!

I've gotta get one of these...

The Magic Black Hat

The other day I needed to go to the emergency room. Not wanting to sit there for 4 hours, I put on my MAGIC BLACK HAT.

When I went into the E.R., I noticed that 3/4 of the people got up and left.

I guess the decided that they weren't that sick after all. The hat cut at least 3 hours off my waiting time.

Here is the hat.

It also works at the DMV. It saved me 5 hours there.

At the Laundromat, three minutes after entering, I had my choice of any machine, most still running.

But... don't try it at McDonald's. The whole crew got up and left and I never got my order.

I just overheard my 10 year old brother-in-law call YouTube "Jewtube". I asked him why he said that and he said, "that's just what everyone in school calls it now". I asked him if he knew why, and he said "dude Jews run everything including Jewtube"

We are absolutely redpilling Generation Zyklon through the dissemination of our rhetoric on Twitter and Youtube. We're breaking the conditioning

Romanians know a thing or two about dealing with destructive semites invading their lands.

Fanatic Romanian Legionaries with their Captain Codreanu in the lower center. They were seriously devoted to rescuing their people from the death grip of International Jewry.

With a fanatical faith in Christ, the Legionaries lived as brothers and renounced the world, still inspiring nationalists around the world to this day. Many in the Orthodox church see him as a saint and martyr, for his selfless defence of the Romanian people in the face of the Jewish peril.

LS Statement on Southern/White Nationalism

I am a Southern nationalist (SN). I am a proud White man. I suppose that also makes me a White nationalist. So in reality I am a Southern/White nationalist. What does this mean? We Southern nationalists in The League see our fellow SNs as brothers and sisters, part of a nuclear biological/genetic kith and kin family that shares a common cultural and geographic—and sometimes ethnic—background. We have our own history, our own heroes, and our own symbols. We are who we are because of these things, and the South and Southerners—past, present, and future—are naturally dear to us. This is how The League has operated since its inception in 1994 and how we shall continue to operate. We

Leonard thinks the probability is so low that he can't be bothered to tell the women about this and insists on enjoying the company without a condom. Pope Francis is an Anti-Pope. His (outwardly, "not unreasonable") plan to "retranslate" part of the Lord's Prayer or Pater Noster strikes directly at centuries of faith based on an accepted form of words. The Jesuits have now captured the Papacy which once ordered them dissolved.

Likewise, the Anti-Pope, Pope Francis, now makes a superficially "compassionate" plea to Europe to allow itself to be flooded by non-European "refugees", who at best will be cheap labour for finance capitalism, at worst millstones and/or directly hostile to Europe's future.

When Trump purchased and rebuilt Mar-A-Lago the Grand mansion and estate In Palm beach, Florida he got into a dispute with the city, who are well known for being strict on zoning regulations. **Trump put up a 50 foot flag pole even though 30 foot is the maximum allowed.** The city imposed a 1,000 dollar fine per day. While Trump and the city argued back and forth, finally when the fine had reached 120,000 dollars **Trump proposed a solution. He would donate that amount to veterans organizations, would move the flag and pole to a different location in front of the mansion and would only use a 30 foot flag pole.** The city agreed. So Trump brought in the company who does Golf course construction had them build a 20 foot high grassy hill and put a 30 foot flag pole on top of that.....

An excerpt from Race or Mongrel by Alfred P. Schulz, 1908.

#ImmigrationDestroys #Immigration

The Romans outlived adversity, their success destroyed them. The immigration to Rome had been considerable before its expansion; now it was enormous. This could not but change essentially the Roman race. As the immigration was very much greater than could be absorbed, and consisted of races not closely related, the crossing following the immigration not only changed the Roman race, but destroyed it. Rome was henceforth inhabited not by a race, but by a mongrel herd. Rome had become the "cloaca gentium."

How savvy Africans view white decline

Segun Adeyemi ▶ WCAI
2 hrs · 

I am a Nigerian from black Africa - I grew up thinking that the white race are godly, godlike , super intelligent and domineering . The white man is highly respected as our former colonial masters - but today that's not the case , the white race are gradually self destructing as a specie . Your wisdom or liberalism will destroy you , your societies are the only place on earth where multiculturalism are practiced - you want to please everybody but yourselves - you brought Christianity to Africa , but hate God in your countries . You encouraged us to have one wife ,but introduced gay marriage . You taught us how to have laws and govern ourselves ,but destroy your constitution to please aliens and their foreign religion (Islam) - You made Christianity unfashionable while you respect the doctrines of a mad prophet . Christians are killed everyday and everywhere ,yet your politicians call Islam a religion of peace - you sold the house of Jacob to Ismail because of a bowl of porridge (oil). No country in the middle east wants the refugees , but your doors are wide open - mark my words , your children will hate your generation ,when Islam bears its fangs . The reasonable ones among you , are branded racist , bigot etc . Your media are pawns on the hands of the new world order chess masters . My white friends THINK ! THINK !! YOU ARE THE LAST FRONTIER OF HOPE , UNITE AND FIGHT for the sake of your children or someday , there won't be France but Francistan , Britain Britainistan or United states of Arabia . My six pence
